

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 5, 1996

SUBJECT: **HB 2296 - SB 2414**

This bill, if enacted, will require the Department of Safety to suspend the driving privileges of those high school students who fail to maintain satisfactory progress. School officials are currently required to notify the department only when an individual withdraws from school and the department suspends driving privileges.

The fiscal impact from this bill is estimated to increase state expenditures by \$16,152 in recurring cost and \$3,000 in one-time cost for an additional Safety Examiner in the Department of Safety to process the additional license suspensions and reinstatements.

The fiscal impact is also estimated to be a decrease in state revenues from lost license driver license fees that will be offset by an increase in reinstatement fees making any increase or decrease in revenue not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive style with a large, stylized initial "J".

James A. Davenport, Executive Director
